

EXPLOSION IN CANADA PLANT KILLS MANY

RED CROSS IN NEED OF HELP FOR KNITTING

Two or Three Hundred Women Must Volunteer to Aid in Garment Making at Once

HERE IS CHANCE TO HELP PROTECT BOYS IN TRENCHES

Hundreds of Socks, Sweaters and Wristlets Needed Before Snows Of Winter Fall

FORWARD THEM DIRECT.
Washington, D. C., Aug. 18.—Secretary Daniels announced today that women knitting woolen clothing and making other comforts for sailors may forward them direct through the bureau of supplies of the navy inasmuch as they no longer will be accepted by the navy department, when presented through the agency of the navy league.

Mr. Daniels ruled yesterday there could be no recognition of the Navy league whatever, in view of the controversy arising over the league's charges that he has suppressed reports which should have been made public.

Burlingame county's chapter of the Red Cross issues today an urgent call for help.

The Tribune knows that the women of the capital city are not slackers. They probably do not know that 200 or 300 workers are wanted at once.

Can you knit? Can you sew?

If you can, conscript yourself for regular weekly work in the Red Cross.

To date 100 women have done all the work. A surgical unit which goes to the front soon under the direction of Dr. Quinn has been fitted out and many other articles of clothing have been provided which wounded soldiers need at base hospitals.

But only a small start has been made.

The call is now for 600 sweaters; 600 mufflers; 600 pairs of socks and 600 pairs of wristlets.

Ways and Means.
The executive committee yesterday afternoon at a meeting in the Commercial club considered ways and means to arouse the women of Bismarck to the need of sewing and knitting so that the boys who are to leave for the front soon will be assured of warm clothing when they face the chilly blasts across "No Man's Land."

Mrs. Paul Remington, who is in charge of the Red Cross workers, says that three times the workers are needed if Bismarck is to produce the supplies demanded. The executive committee has made provision for materials to last two or three weeks and the federal court room in the postoffice building has been set aside by Judge Anderson as a workshop.

The Red Cross workshop has been in the high school, but Mrs. Remington must move the headquarters Tuesday to the federal building.

Get Busy Now.
Every woman who can spare a few hours a week should communicate at once with Mrs. Remington and receive materials and instructions. When down town call at the federal building and place your services at the disposal of the committee.

Within a few days the city will be placarded with signs urging women to knit for the boys in the trenches. Movie houses are asked to display slides calling for workers.

Remember the call is not restricted to Bismarck alone. Any woman in Burlingame county can help. She can secure a sample of the yarn and get her own material and work in the home as her routine duties will permit.

Will teach Knitting.
Women who cannot knit will be taught. Mrs. Remington is securing instructors and next week classes will be held at the federal building. It is planned also to have the department stores detail a clerk who is an expert at knitting to instruct the women who call at the store, where Red Cross materials will be placed on sale.

As it is necessary for the local chapter to finance the cost of materials, a definite monthly pledge will be asked from each home. Mrs. V. J. Rose, a member of the financial committee, met with the executive committee yesterday and submitted a plan which promises to yield the \$200 or \$300 needed each month for materials.

She proposes to organize each street under a monitor and make a monthly trip with a Red Cross contribution box, asking each household to contribute 25 cents. This will be only \$1 a year for Bismarck, house holds of four. The minimum is 25 cents and those who care to give more can do so. This money will go to purchase yarn for knitting socks and other garments to keep the soldiers warm.

The greatest need now is for workers. On Tuesday afternoon the downtown workshop will be in full swing and an attendant will be there to receive workers and give instructions. It is proposed that every woman in Bismarck devote at least one hour a day to Red Cross sewing, either in her own home or at the Red Cross workshop.

Kansas Twins Knit For Boys

Mrs. Lucy A. Tull (top) and Mrs. Sarah F. Long (bottom), the West's oldest twin sisters, are knitting for Uncle Sam's soldiers four hours every day, despite their 97 years. They are just beginning a 2,000-mile trip across the country to inspire American women to war work.

WILSON MAY COMMANDEER FUEL SUPPLY

Holds Conference With Federal Trades Commission and Mr. Hoover Upon Situation

COAL CRISIS THOROUGHLY REPRESENTED IN REPORTS

Washington, Aug. 18.—President Wilson went to the food administration today for a personal conference with Food Administrator H. C. Hoover, and later to the federal trade commission. It was believed the president discussed the coal situation and the extent to which he would assume the power to control distribution vested in him by the food bill.

Under the law, the president may fix prices of coal, operate the mines, or commandeer stock and sale to the public. Some decision of which course he will pursue is expected as the result of today's conferences, which were based on the federal trade commission's now completed report on the coal situation.

At the federal trade commission, the president went over the figures gathered of the cost of producing coal. The trend of the commission's report on the subject was to urge the president to take over the supply and its distribution.

The president will take some action in the coal situation early next week. He carried back to the white house from the trade commission a mass of statistics on coal production, costs, and will go over them tomorrow. His decision probably will be announced Monday.

The president intends, it was learned, to reduce the present prices, not only at the mines, but of jobbers and retailers. The trade commission's reports indicate that the operators can sell their products at a fair price far below the minimum price of \$2 fixed at a conference between mine officials and the government, and still make a handsome profit.

WILSON STUDIES LABOR TROUBLE

Washington, D.C., Aug. 18.—President Wilson is making a personal study of the labor situation in the northwest, especially in Oregon, Washington, Montana and Idaho, where a general strike of the I. W. W. is threatened next Monday.

Officials in close touch with the threatened miners' strike situation in Alabama were optimistic today that the strike would be averted without developments within the last few hours.

U. S. TO SEND SEPARATE REPLY TO POPE'S QUERY

Cabinet at Recent Meeting Carefully Avoided Discussion Upon Matters

WILSON STATES ANALYSIS WILL BE THOROUGH

Members of Entente Doubtless Will Frame Their Own Statement to Vatican

Washington, Aug. 18.—The reply of the United States to the pope's peace note will be sent independently and not in connection with any answer of other belligerents. This is the plan at this time, as indicated by Secretary Lansing.

That the government is determined to give Pope Benedict's peace proposal the most deliberate and painstaking consideration before making a reply was evidenced again by developments both at the White House and state department.

The cabinet, holding its first session since the note arrived, avoided any general discussion of the subject because President Wilson is understood to feel that there must be a searching analysis of the questions raised before such discussion would be profitable.

Lansing Studies Proposal.
Secretary Lansing and his advisers, on whom most of the responsibility for making this analysis will rest, continued their study of the pontiff's suggestions with every indication that it probably would be several days before any concrete steps could be expected.

Meantime, however, the undercurrent of official thought manifestly continued toward a conviction that the grand alliance will find some of the proposals in the Vatican note very difficult to accept.

Is a Delicate Question.
As the declared purpose of the pontiff's note was to present concrete basis for peace negotiations, it is regarded as highly essential that the exact meaning of every phrase be carefully weighed, keeping in mind that in the event the United States concludes to entertain the proposals, it will find itself irrevocably committed in the negotiations by the constructions given at present.

On the other hand, should the president decline to entertain the peace proposals at this stage, that could not be done briefly or curtly. Out of deference, it is believed, the reply to be made, whatever its character, must enter at some length into the several propositions advanced.

Haste Is Impossible.
It was said at the state department that the peace proposals were being quietly "digested," a process which would not be hurried, and that it was not possible to predict when an answer could be returned. Of course, the note is undergoing a precisely similar process of careful analysis in every one of the Entente foreign offices, which accounts for the fact that Secretary Lansing has no diplomatic visitors today to discuss the subject.

Within a few days exchanges may begin between Washington and the Entente capitals and perhaps between Secretary Lansing and the diplomatic representatives of these powers here.

Powder Plant In Quebec Is Wrecked

Details Are Lacking but Believed Loss of Life Was Heavy

FORTY HOUSES IN TOWN COMPLETELY DESTROYED

FEW CASUALTIES.

Rigaud, Aug. 14.—The great munitions plant here of Curtis & Harvey, Ltd., explosive manufacturers, was wrecked today by a series of terrific explosions and carried beneath the ruins of a dozen or so structures, several dead and wounded. At early estimates based on first reports, place the killed at 250, but indications were that there were comparatively few casualties.

Montreal, Aug. 18.—A terrific explosion at the powder plant of Curtis & Harvey, Ltd., at Rigaud, Quebec, today, is believed to have caused a heavy loss of life. Five thousand men and women are employed at the plant, which covers an area of five square miles. Reports received soon after the explosion, said the plant was nearly all in flames.

Trainmen who got away from the scene of the explosion reported that 40 houses at Rigaud, a little village near the powder plant, occupied by the workmen, were razed by the force of the explosion.

From points near Rigaud it was learned that three explosions took place. The first occurred at 11 o'clock and was heard in Val d'Aud, 20 miles away. It was followed by two others in quick succession. The explosion cut off communication with Rigaud, making it difficult to obtain information. Traffic on the Canadian railroad, Ottawa-Montreal line, which passes close to the plant has been suspended.

Rigaud is a post village in Val d'Aud, about 10 miles south of Montreal. It had a population prior to the war of about 1,000.

(Continued on Page Three)

USE I. W. W. AS FIRE FIGHTERS

Missoula, Mont., Aug. 18.—More than 500 striking I. W. W. lumberjacks who have been sent from Missoula to fight fires for the United States forest department, will stick to their jobs, even though the threatened general strike of the I. W. W. is called next Monday, according to Arthur W. Smith, secretary of the organization, here.

Fires near Kaloon, Idaho, on the C. & N. St. Paul railroad in the Joseph forests are the most serious. They are threatening the power line, which supplies the electric district on the Milwaukee and the road has fire fighters in the field.

The president is keeping in touch with the situation through Chief Justice Cavanaugh, of the supreme court of the District of Columbia, his personal investigator, now in the west. Department of labor conciliators on the ground reported over night, that the situation seemed to have eased slightly for the better, although still grave. Offers of mediation had been made in some instances, and probably will be made in others today.

CUBA OFFERS TRAINING SITE FOR AMERICANS

Sister Republic Will Aid and Co-operate in War Plans of United States

COMPLEMENT OF TROOPS TO BE SENT TO ISLAND

State Department Sends Gracious Telegram Thanking President Menocal for Aid

Washington, Aug. 18.—Cuba's offer to provide a mobilization and training ground for some American forces has been accepted. The number of and the description of the forces to be sent cannot be disclosed now, for military reasons.

The state department said today that American forces will proceed to the eastern end of Cuba for training at an early date. In a statement accepting the offer, the state department said:

"The action on the part of President Menocal in making this friendly offer is considered as a further proof of Cuba's desire to give cordial co-operation to the United States of America and to be of every assistance to it in the war which those countries are now waging for the right of humanity against the German imperial government."

Brig. Gen. W. A. Mann, chief of the U. S. militia bureau, has just been appointed division commander. He will lead the militia division to France. In this photograph he is reading the first orders for the division's mobilization.

ILLINOIS TO MAY TAKE OVER MINES

Only Federal Intervention Will Delay State Control of Fuel Supplies

Chicago, Aug. 18.—Public hearings on price fixing of coal by Justice Carter, director of coal for Illinois, recessed today and will not be resumed until next Monday. Justice Carter, acting under instructions from Governor Lowden, has announced he will proceed with the hearing until all sides have been heard, after which he will set a price for fuel at the mines' mouth, unless such power has in the meantime been taken from him through federal action.

Illinois coal problems present many angles today. The coal operators have repudiated an agreement reached with Governor Lowden last week. Governor Lowden sent a telegram to Francis S. Peabody, chairman of the coal committee of the national council of defense, declaring he might be obliged to take possession of the coal mines in the state in order to enforce the contract he made with the operators. Mr. Peabody, in his reply, pleaded with the governor to delay, asserting that federal action would not doubt be forthcoming.

The strike of coal miners in certain Illinois districts is reported to be less threatening, many miners going back to work.

LIGNITE RATES TO MINNESOTA POINTS NAMED

Northern Pacific Announces Establishment of Schedule Effective September 15

DEMAND ANTICIPATED FOR DAKOTA FUEL

A new schedule of interstate rates on lignite coal from North Dakota mining centers, adopted by the Northern Pacific on Aug. 10, will be placed in effect Sept. 15, the North Dakota railway commission was advised today. All of the points affected outside the state are in Minnesota. The two cities, Duluth and other larger Minnesota points are not included, but tariffs from Wilton, Bismarck, Blue Grass, Glen Ulen, New Salem, Medora, Lehigh, Zenith and Sims, centers of lignite production on the Northern Pacific system in North Dakota, are named to practically every town which this company serves in the western half of Minnesota.

Rates per ton from Bismarck range from \$1.95 to Moorhead to \$2 to Bemidji and Morris, Anoka and Carlton, Minn. A 2,000-pound ton of lignite may be shipped from Bismarck to Crookston for \$2.60, toergus Falls for \$2.75, to Staples for \$2.65, to Brainerd for \$2.75 and to St. Cloud for \$2.90. In most instances the rates to these points from Wilton is five to 10 cents more per ton; the rate from New Salem is about 20 cents more, and from Medora it is 50 cents more per ton.

A ton of lignite retailing for \$3.25 in Bismarck will sell for \$3.30 in Moorhead, all things else being equal and figuring a freight rate of \$1.95. The same ton of coal if shipped in Fargo, on this side of the river can be sold for \$1.75, the intrastate freight rate from Wilton to Fargo being \$1.02. A ton of soft coal can be shipped 230 miles from Superior to Moorhead for \$1.24, while a ton of lignite, traveling 20 miles less from Wilton to Moorhead must pay \$2.95 freight. The difference is caused by the fact that the Superior to Moorhead rate is entirely controlled by the state, as is the Wilton Fargo rate. If Moorhead consumes an great amount of North Dakota lignite, it undoubtedly will be teamed from Fargo, enabling the dealer to take advantage of North Dakota's especially favorable tariffs on this commodity.

The fact that the Northern Pacific has for the first time established a tariff schedule affecting Minnesota points is regarded as proof that the company anticipates a reasonable demand for the North Dakota fuel in the near future. Rates are based on a 50 per cent minimum carload, providing that cars with over 10,000 pounds capacity may be loaded to 50 per cent of marked capacity, but not more than 72,000 pounds, and that gondola cars may be used at the carriers' convenience.

GERMANS SEEK TO RECAPTURE LENS OUTPOSTS

Teutons Continue to Hammer British by Heavy Artillery Duel

SEA FIGHT REPORTED IN NORTHERN WATERS

British Aeroplanes Make Raid on Munition Dumps in West Flanders

DEPLORES APATHY.

Paris, Aug. 18.—Major General Pershing American commander, told the Associated Press today that the war can be won only by hard and forceful blows delivered by well-trained American army working in conjunction with the allied armies.

Deploing the lukewarmness of the American people in regard to the war, he said:

"Every man, woman and child should support the administration in its determination to arm and equip the American army and keep up its morale and that of the allied armies. This war will not be won by talk or by subscribing to the Red Cross. The American people must come to the full realization of what it means. It can be won only by striking hard and forceful blows, not otherwise."

CANADIANS VICTORIOUS.
British Front in France and Belgium, Aug. 18.—German troops delivered another sharp but futile counter attack against a section of the new Canadian position northwest and west of Lens early this morning. The Germans succeeded in penetrating the British trenches, but were driven out by hand to hand fighting, which caused the attackers a considerable number of dead and a few prisoners.

(By Associated Press.)
Another effort was made today by the Germans to recapture the ground taken by the British in their successful attack in the vicinity of Lens, giving them control of dominating positions. The British war office reports that sharp fighting occurred northwest of Lens and that once more the attack of the Germans was repulsed completely.

Pound British.
The Germans continue to pound the British positions heavily with their artillery in the vicinity of Ypres, also, the big German gun kept up a lively fire, but now infantry attacks are reported.

A naval battle in German waters between British and German light sea forces is reported by the British admiralty. While the British were scouting in a German bay on Thursday they sighted a German destroyer, which was badly damaged. Two German mine sweepers also were damaged, and two German submarine attacks were without results.

No British ships were damaged.

Bombing Raid.
Another bombing raid was carried out Thursday night by British naval aeroplanes at the railroad junction at Thorout in West Flanders, 11 miles from Bruges. Fires were caused, the admiralty announces, and ammunition dumps are believed to have been hit. The British aeroplanes dropped many bombs which they believe hit safely.

CZAR NICHOLAS SENT TO SIBERIA

Petrograd, Aug. 18.—Telegrams from Vladikavk, the northern route to Siberia report the passage of two special trains with lowered blinds, which no one was allowed to approach. The trains are going eastward, and are assumed to contain the former emperor, Nicholas, and his family.

Use Excess Corn To Build Up Herds

Chicago Aug. 18.—A vast oversupply of corn and great undersupply of meat, with no maximum or minimum prices fixed for either, should result in every possible bushel of corn being fed to cattle, hogs, and sheep, in the opinion of J. C. Brown, president of the Chicago livestock exchange, who is home today after attending a food conference in Washington.

In the next three months range stock will begin to come in. Mr. Brown asserted that if he hears every farmer to put his corn into fattening stock or raising young stock. Not a young animal should be killed. Livestock must be raised to replenish the depleted herds in Europe.

Yes, Russia Will Fight Says Charles Edward Russell In First Article For Tribune on Conditions In That Nation

Charles Edward Russell, famous writer for The Tribune, has spent three months in Russia as a member of the American commission to the new Russian government, which was headed by Elinor Root. His opportunities for observation and investigation of Russian conditions were unparalleled, as all the resources of the provisional government were placed at his disposal. The commission has just returned to this country, and Russell, after closing his immediate official business, has started to write the TRUTH ABOUT RUSSIA. His first article is printed today; watch for others.

By CHARLES EDWARD RUSSELL. (Copyright, 1917, by the Newspaper Enterprise Association.)

Will Russia fight? Of the thousands of eager questions plumped at the Root commission, of which I was a member, since it came back to American soil, this has outnumbered all the others together.

Will Russia fight? Yes! Russia will fight! She will fight with courage, skill, persistence and success. She will put up a strictly first class article of fight and she will win it.

Provided only that she gets any kind of a fair chance. AND THAT THE UNITED STATES OF AMERICA WILL LET HER FIGHT.

I find that millions of us seem to have this whole Russian business wrong end to. We think, for instance, that if Russia is not pushing the war vigorously the reason is that the

Russians have a great, broad streak of yellow in the yellow and not much else.

This is the most monstrous fake and lie that was ever believed by one nation of another. It is a slander and a lie and ought to be dropped, buried and forgotten.

There are no better men on the face of this earth than the great majority of the Russian soldiers. Ask

anyone that has seen them in action, ask those that saw the marvelous and almost incredible heroism displayed by the Russian army in the famous movements of the summer of 1915. Ask anyone that can tell you of the masses of Russian soldiers that have gone unarmed against the best equipped troops in the world and have fought them with bare hands.

To hear the uninformed casting reflections upon the valor of such men or sneering at the Russian nation as "yellow" is a hard strain on patient tolerance.

The real reason for the apparent halt and hesitation on Russia's part since the revolution is something very different. What it is I hope to make clear in the articles that will follow this, and I think you will agree before I am through that the harsh criticism of Russia by any American is as rankly unjust and that what the real situation calls for is the warmest sympathy, but not a word of blame.

Posed by a thousand difficulties and dangers, problems and perplexities such as no nation has ever faced, all kinds of difficulties of which you in this country have never heard nor suspected nor dreamed Russia has kept on with the most amazing fort

FLAX AND CORN**

Precipitation Yesterday Ranged
From One-Hundredth to 1.20
Inches in State

THERMOMETER ONCE MORE REACHES HUNDRED MARK

Rain fell generally throughout North Dakota Friday afternoon and night in amounts ranging from one hundredth of an inch at Wahpeton to 1.20 inches at Grand Forks. The precipitation at Bismarck was 1.07 inches, at Dickinson, 98; 44 at Bismarck, 39 at Napoleon, 20 at Larimore and 10 at Moorhead.

The thermometer again touched 100 Friday at Jamestown and Napoleon, which have established themselves as the two hottest spots in North Dakota, and temperatures of 99 at Fessenden and 98 at Grand Forks, Hot Springs, Larimore and Pembina were reported.

No reports of hail damage have reached the office of O. W. Roberts in charge of the United States weather service for North Dakota. Friday's warm rains proved most beneficial to late flax, corn, potatoes and garden stuff, and growing conditions just now are ideal throughout the state.

ELAINE FORD DANCES
HER WAY TO SUCCESS

"Very Good Eddie" Tripper Changes Her Ambition.

Elaine Ford, whose dancing is such an attractive feature of "Very Good Eddie," the musical comedy success which is to play at engagement at the Auditorium Monday night, had no idea of being a dancer when she left her home in Chicago for New York two years ago. In fact, her ambition was to become a singer. Her sister, Constance Ford, had made such a success as a concert singer in New York that Elaine, who has a voice of excellent quality, decided to go to the metropolis to study. Working hard in the studio all day she devoted her evenings to pleasure and, in company with several young men of her acquaintance, was wont to frequent the Biltmore, the Knickerbocker and other hotels where dancing is one of the attractions. Miss Ford was always a graceful dancer, but was unaware of the fact that she possessed sufficient talent and natural rhythm for stage purposes.

But one evening she was observed by Elizabeth Marbury, the woman who made the Vernon Castles famous, and who is now doing the same for Maurice and Walton. Miss Marbury is always on the lookout for youthful talent and was in need of a dancer who was new to Broadway in "Very Good Eddie," just then in rehearsal. Miss Marbury met the young western girl, and later induced her mother to permit her to change her vocation. Under proper stage tuition Miss Ford soon developed into a remarkable dancer, and has been winning applause for a year and a half in "Very Good Eddie," where her dancing with Ralph O'Brien is one of the pleasant features of the performance.

REICHSTAG WILL DISCUSS PEACE TERMS OF POPE

London, Aug. 17.—Pope Benedict's peace proposals and the general situation will be discussed by the Reichstag when it convenes Aug. 22, according to a Berlin dispatch transmitted through the Exchange Telegraph Co.

Assailing the militant suffragists, Senator Meyers of Montana today introduced a bill to prohibit white house picketing.

"The proceedings have been outrageous, scandalous and almost treasonable," he said. "I think people are disgusted with the proceedings. It is time congress acted to stop these insults to the president."

NO DECISION REACHED. Copenhagen, Aug. 18.—The German foreign office is not yet ready to announce the government's standpoint on the Pope's peace proposal and an answer will be delayed while the four central powers are endeavoring to reconcile somewhat divergent views on interests regarding peace.

Marines Rescue Missionaries From Chinese Bandits

Pekin, Aug. 18.—Twelve American missionaries and a dozen others, who were mostly women and children, who were besieged by Chinese bandits at Tabul, a town about 100 miles northwest of Peking, have been rescued by officers of the United States marine corps, it was announced today.

St. Paul, Aug. 18.—Minnesota and the Dakotas were allotted \$18,000 for home mission work in the budget of the Northwestern Lutheran Synod in the biennial convention at Trinity church, St. Paul, today.

Itching Eczema On Little Girl

Broke Out With Pimples on Face Spread All Over Head. One Cake Cuticura Soap and Two Boxes Ointment Healed. Cost \$1.25.

"My little girl, when about three months old, began to break out with pimples on her face and around the edge of her hair. They were large and red, and soon festered and came to heads which broke and scattered to other parts of her body, and they spread all over her head. They caused a lot of suffering from itching. It was pronounced a bad case of eczema."

"We bought a bar of Cuticura Soap and a box of Cuticura Ointment. After using a bar of Cuticura Soap and about two boxes of Ointment baby was healed." (Signed) Mrs. Moses Zimmerman, Mineral, Ill.

Prevent further trouble by using Cuticura Soap for the toilet.

For Free Sample Each by Return Mail address post-card: "Cuticura, Dept. R, Boston." Sold everywhere.

U. S. TO SEND SEPARATE REPLY TO POPE QUERY

(Continued from Page One)

Official opinion inclines to the belief that there will be separate reply from each nation, rather than a joint response, as forecast in some foreign dispatches. There are peculiar conditions, some of them political, some semi-religious, in most of the European countries, which it is believed will make it desirable for each of the governments to use its own processes of logic in its reply.

YES, RUSSIA WILL FIGHT SAYS CHARLES RUSSELL

Continued from page 1

You think the question whether Russia will fight depends upon Russia. Let me tell you something. It depends far more upon you. You have no need to worry about Russia so far as she herself and alone is concerned. YOU HAVE MORE REASON TO WORRY ABOUT THE UNITED STATES.

I come home to find that at the worst possible moment that the devil himself could devise, this nation is listening to a hoard of traitors, German agents, selfish politicians, and

chicken hearted peace-at-any-prices babbling a lot of stuff loaded with the deadliest peril for Russia and for America.

I see members of congress that un-rehearsed produce resolutions for a peace conference or demand a statement of the terms of peace or otherwise do Potsdam's dirtiest work.

"I hear of 'peace conventions' and 'peace leagues' at a time when every word about peace spoken in the United States is worth to the Kaiser as much as a battalion taken from the Russian side and a battalion added to the German side."

THE MEN THAT DO THESE THINGS TAKE A POISONED DAGGER AND DRIVE IT AT THE HEART OF THEIR COUNTRY.

If you have not been in Russia you do not know, you have not a guess of the terrible possibilities concealed in this manhood or depraved feeling with death and destruction!

Let Russia gather from all these asounding performances the idea that the United States will not crowd on every pound of meat and will not put forth every element of her strength—it is all off.

For the only conclusion that Russia can draw then is that the United States is about to desert the alliance, the United States is insincere and dishonest, the cause of the allies is hopelessly lost and nothing is left except for each member of it to do as the United States seems to be doing, and look out for itself.

You would see then a real collapse on the Russian front pulling down upon us the most colossal and almost irretrievable disaster in human history.

The spectacle, therefore, of these men in Washington taking such a chance of such ruin impending above us is enough to strike one breathless. It is exactly as if there were stored in a warehouse a million open barrels of giant powder and Senator von Schinckel or Senator Fiebelweiser should walk through it daily flourishing a blazing torch.

Learn the truth and look at it squarely. If these men in congress and elsewhere keep on as they are going now they will cost this country five years of war, two million American lives and twenty-five billion American dollars.

This is the real meaning of your peace conventions, peace leagues, anti-conscription law agitation and congressional resolutions designed to cripple your country in the time of its greatest crisis.

I suggest that before we utter any more of the reproaches against Russia that have liberally adorned our press

THRIFTY AND BEAUTIFUL—WHERE CAN YOU MATCH ONE OF THESE TEN AUTUMN CHALMERS

They are all from thirty to ninety days ahead of the time, for they are the advanced autumn and winter styles. So, in buying a car now you will find that the newest devices, the latest improvements and the most recent developments in motor car building are right here in a Chalmers. And there are ten of these Chalmers. You will find among them a full range of types from an eighty mile an hour (guaranteed) speedster to a sedate limousine, or a sensible, thrifty touring car to a decidedly smart town car, etc., etc.

They are without a question the best looking cars that Chalmers ever built. But more important they are the most thrifty cars that Chalmers ever built.

Picture all the car you want, all the room you can use, all the speed you ever dare use, all the power you can ever wish for, all the "hang to the road" quality you could desire. And then bear in mind that these Chalmers are not large cars but light cars, that they have less than a thirty horse power engine (which means much every time you fill the gas tank) that a new tire does not cost a small fortune and that one tire lasts many and many a day.

Good points to stick in your mind and pleasing to ponder over after you have once seen how striking in beauty the ten new Chalmers really are.

See them at once. You can buy now and save.

Man Recently Commissioned
Captain in Army
THOMPSON CASHIER OR
LOCAL INSTITUTION

At a meeting of the board of directors of the Bismarck bank, held this morning, George H. Russ, Jr., recently commissioned a captain in the United States army, was elected second vice president. Mr. Russ, although temporarily absent from the city, will remain active in the management of the affairs of the bank.

E. M. Thompson, for the last 11 years assistant cashier, was elected cashier, and Miss H. M. Toepke, assistant cashier, succeeding Mr. Thompson.

The present officers of the Bismarck bank are: T. C. Power, Helena, Mont., president; E. P. Baker, vice president; George H. Russ, Jr., second vice president; E. M. Thompson, cashier, and H. M. Toepke, assistant cashier.

POWDER PLANT IN QUEBEC IS WRECKED

(Continued from page one)

The whole country was covered at 10 o'clock with a dense copper-colored smoke. A special train of doctors and nurses left here at 10:20 for the scene of the disaster.

Officials here of Curtis & Harvey, Ltd., lacked information as to the cause of the explosion. It was said that probably 300 persons were working in the section where the first explosion occurred. It was believed by the officials the two other explosions were caused by fires which spread from the first.

Passengers on a Canadian Pacific train which passed the scene of the disaster placed the number of dead from the first explosion at 20. They said it was impossible to obtain definite figures, as hundreds rushed into

German Socialists Resent Suspension

Copenhagen, Aug. 18.—Agitation at Stuttgart, Germany, over the announcement that the authorities propose to suspend or limit the right to hold meetings has spread to Solingen.

Socialist supporters of the government are endeavoring to prevent unauthorized demonstrations, and warned the rank and file that unless the demonstrations are held under proper leadership they would be likely to defeat their own aims.

Former Senator J. W. Kern Dies

Asheville, N. C., Aug. 18.—Former Senator John W. Kern of Indiana died here last night. He was 75 years old.

Mr. Kern, who came here a week ago, was suffering from a heart ailment.

BUSINESS INCREASED 100%

In the past 12 weeks Klein, his brother, popular tailor and cleaner, has increased his dry cleaning, pressing and repairing business 100 per cent.

The announcement of his business increase came at the service and party given at the home of his wife, Mrs. Klein, last night.

Mr. Klein, who came here a week ago, was suffering from a heart ailment.

PICKETING AT WHITE HOUSE IS PROHIBITED

Washington, Aug. 18.—Continued disorders this week in front of the White House as the result of "picketing" by militant suffragists today caused the Washington police to put into effect an order prohibiting further demonstrations.

Washington, Aug. 14.—In disposing of minor disputes of the war tax bill the senate today by a vote of 38 to 12

NEAR BEER CAN HAVE LITTLE KICK

Fargo, N. D., Aug. 18.—Under a ruling made by Attorney General William Langer and communicated to the state's attorney's office of Cass county late today, the sale of all near beer beverages in North Dakota will be allowed to be sold providing the manufacturers put up a bond of \$10,000 to guarantee that they do not contain more than two per cent of alcohol. The newspapers of the state have demanded a statement from the attorney general on the ground that his delay was holding out advertising contracts.

WRECK TRAIN.
Moorhead, Minn., Aug. 18.—One man is in the Clay county jail, and officials are searching for others, who it is believed attempted to wreck a local train on the Northern Pacific railway last night by piling ties, and scrap iron on the tracks near Dilworth. No details were made known today, but a searching investigation is under way.

FATHER OF DEAD MAN ASKS ARREST OF HIS SLAYER

Parents Not Satisfied With Verdict of Jury Holdings Inaena
Not Felonious

Minot, N. D., August 18.—The father of Mr. Martin Mittlender, whose death a jury investigated Tuesday, finding Peter Schlect of Sawyer guilty of causing Mittlender's death, indirectly, but without felonious intent, this afternoon swore out a warrant for the arrest of Schlect on a charge of murder.

According to the evidence at the inquest the men, brothers-in-law, were in a quarrel over the use of an auto when Mittlender attacked Schlect, who struck the former over the head with a piece of a car radiator.

Mittlender was brought to a Minot hospital for treatment and was discharged when the wound appeared healed, but blood poisoning set in, causing death. Before his death he threatened to instigate proceedings against Schlect.

MINIMUM OF \$3 FOR WHEAT

Fargo, N. D., Aug. 18.—Representative business men and Cass county farmers at a mass meeting held here today adopted a resolution protesting against the fixing of the price of wheat lower than \$3. One or two representatives will be sent to Washington to confer with the price fixing committee there.

On Second Thought.
David, who overflows on his imagination, especially when with other children, was playing with Robert, who was visiting here from a small town. David was telling him that his mother knew of a building in Robert's town that was 900 feet tall. Robert said he would run and ask his mother if she knew the building, and David quickly spoke up: "Wait a minute, wait a minute; maybe it was only ninety feet tall."

Tell Weight of Poles.
Men who have become used to handling telephone and telegraph poles are able to tell almost exactly the weight of a pole that has been properly seasoned. The poles which are found to be much heavier than the expert's estimate have not been properly seasoned, for the extra weight is due to sap still in the wood.

The Eternal Feminine.
Another reason why a woman is a woman is because she would rather have the right kind of shoes than the right kind of feet.—Dallas (Tex.) News.

SOCIETY

INFANTRY BAND TO GIVE SACRED CONCERT PRECEDING SPECIAL MEETING

For a half-hour preceding the patriotic services which will be held in the Auditorium Sunday evening in honor of the drafted men and soldiers at Fort Lincoln, the Second Infantry band will give a sacred concert. Director, Harold B. Bachman, has arranged a splendid program of numbers. This part of the program will begin at 7:30.

Besides the musical numbers by the band, Lieut. Ernest Orchard of Dickinson and Miss Elizabeth Bayliss will sing and a women's chorus of 12 voices will lead the singing of the

hymns and patriotic numbers. A male quartet, composed of boys from the fort, will also sing. Rev. George Buzzelle, rector of St. George's Episcopal church, has chosen for his subject "The Drafted Man." Rev. Mr. Buzzelle needs no introduction to a Bismarck audience. Since coming to the capital city he has been in great demand as a public speaker. He is now recognized as one of the ablest in ministers in this state. The services will follow the band concert and will begin promptly at 8 o'clock.

Second Regiment Band to Give Concert on Court House Grounds

The Second regiment band of Harvey, N. D., has arranged, under the direction of Harold B. Bachman, a splendid program of numbers for an open air concert this evening on the court house lawn. The program will begin at 7:15. The program follows: March, "The Pan American," Wright. Selection, "The Goddess of Liberty," Howard. Celebrated Mennet, Paderewski. Ragtime Travesty on Sextette from Lucia, Alford.

"A Perfect Day," Bond (Arranged for the band by Dr. C. S. Putnam). Novallette, "In Shadowland," Gilbert. Overture, "Idealistic," Brooks. Finale, "The Star Spangled Banner," Smith. The band will go to the armory following the concert to play for the dancing party given as a benefit for the mess fund of Companies A. and I. The Second regiment band assisted this afternoon in giving publicity for the ball game by giving an impromptu concert in front of The Tribune.

Current Events Club to Open Study Sept 12

The Current Events club, organized March 28, 1903, and one of the oldest clubs of the city, will open the year's study Wednesday, September 12, with Mrs. A. J. Arnot as hostess. The club will study this year possessions of the United States, with Alaska forming the first six discussions. This will be followed by the study of Cuba, Hawaii, the Philippines and Porto Rico.

The board of directors of the club are: President, Mrs. G. R. Squire, vice president, Mrs. N. B. Fitch; secretary, Mrs. F. J. Marcellus; treasurer, Mrs. Duncan J. McGillis; federation secretary, Mrs. Nellie Evans. The membership committee is composed of Mrs. Arnot, Mrs. J. P. French and J. A. Larson, and the program committee, Mrs. Marcellus, Mrs. Squire and Mrs. F. E. Packard.

In consideration of the war, the serving of luncheons will be abandoned, as a step towards conservation. The club will also co-operate with the Red Cross work. Active members of the club are: Mrs. A. J. Arnot, Mrs. W. C. Cashman, Mrs. Nellie Evans, Mrs. J. P. French, Mrs. N. B. Fitch, Mrs. J. A. Larson, Mrs. W. J. Hutchison, Mrs. J. A. Larson, Mrs. F. J. Marcellus, Mrs. D. J. McGillis, Mrs. Mary McLean, Mrs. J. G. Moore, Mrs. F. E. Packard, Mrs. H. C. Postlethwaite, Mrs. G. R. Squire, Mrs. George E. Wallace, Mrs. George A. Welch and Mrs. Alfred Zuger.

Very attractive year books in white bond, ornamented in gold letters and tied with ribbon of the same color tone have just left the press. The club will follow its usual custom of meeting every two weeks.

Lawn Social Tuesday. Members of division No. 1 of the Ladies Aid society of the McCabe church has announced a lawn social for Tuesday evening on the lawn of the governor's mansion. The women are preparing a fine line of refreshments, and the general public is invited.

RUSSIAN GIRLS IN KNEE DRESSES TELL HERE OF WORK AS POLICE IN PETROGRAD

Misses Margaret (left) and Vera De Longueine.

Duluth, Minn., Aug. 18.—The most interesting figures in the country today to American boys and girls—interesting to parents, too—are Margaret and Vera De Longueine, who have come to Duluth from Petrograd, after serving as soldier-police in Russia.

Vera, who is only 14, was a messenger for the war department, and carried a revolver and bayonet. Margaret, two years older, had similar duties of even greater responsibility and peril. They had offered the new

her new civic duties is one of the subjects which will be widely discussed. The Woman's club was organized in 1901, and affiliated with the General Federation of Women's clubs in 1899. The first meeting for 1917-1918 will be held Tuesday, Sept. 21.

For Mrs. Scott.
Mrs. F. S. Scott was hostess Friday afternoon at her home in Twelfth street, in honor of Mrs. Florence Scott of St. Joseph, Mo., who is the house guest of her niece, Mrs. W. C. Cashman. The afternoon was spent in fancy work and luncheon was served. Covers were laid for 11.

Mandan Couple Weds.
A marriage of interest to residents of Mandan and vicinity was solemnized

revolutionary government their services as girl scouts. "To wear a hat in Russia," said Vera, "is to be one of the upper class. So, to avoid attracting the attention of peasants, women doing work like ours carry handkerchiefs to substitute for hats."

The two little rebels, who have seen some of the most thrilling scenes of the war upheaval and who prophesy Russian aid to beat the Kaiser, are to complete their education in America.

Club Woman to Leave.
In the resignation of President McVey of the University of North Dakota, the state loses one of its most active club women. Mrs. McVey, since her residence in Grand Forks, has been actively interested in the French relief, civic league and the

Association of Collegiate Alumnae. She was instrumental in organizing the North Dakota branch of the association of Collegiate Alumnae and as one of the vice presidents of the national association has supervision of the northwest district, in which a number of branches are located.

PERSONAL

The Misses Pauline Hibbs and Ethel Maddock have gone to Kildeer to visit with the latter's relatives before going to Britton to visit Miss Hibbs' grandfather. Later they will go to Milwaukee to visit at the home of Mrs. Hibbs' mother.

Miss Laura Keenan of Second street left last evening for a two weeks' vacation to be spent in Minneapolis and Mankato. In Minneapolis she will be the guest of her cousin, Frank Keenan, and in Mankato of her grandmother, Mrs. Keenan. Miss Keenan will return the first of September to resume her teaching in the kindergarten.

Mrs. W. F. Cullum, who has been the guest for several days of Mrs. F. E. Luehe and her daughter, Miss N. C. Cullum, of the Bismarck hospital, left last evening for Jamestown for a short stay before going to Valley City. From there she will go to her home in Fargo. A number of entertainments were given in her honor during her stay here.

Mrs. A. S. Nielsen of Broadway is expected to return this evening from a several weeks' visit in Lincoln, Omaha, Chicago and the twin cities. Mrs. Nielsen spent part of the time buying her fall millinery stock.

Auditorium at 8 o'clock. Subject of morning sermon, "Christ's Mission," evening sermon, "The Drafted Man." A special invitation is extended to the men of the draft to attend this service.

First Presbyterian, corner of Second and Thayer, Rev. H. C. Postlethwaite, minister.—Services at 10:30 a. m. and 8 p. m. Morning theme, "Foot or Heart," evening theme, "The True Patriot." Special music at all services. Sunday school at 12 m. Pupils and teachers are coming back from their vacations and the school is gaining rapidly. The work box that the ladies of the church have been preparing for Co. I will be in the chapel for those who care to see it. All are cordially invited to the services of the church.

Swedish Lutheran, Seventh street and Avenue B; Rev. E. F. Alfson, pastor.—Morning service at 10:30, Sunday school at 12 noon and evening service at 8 o'clock. All are cordially invited to the services of the church.

First Baptist, Fourth street and Avenue B; Bruce Edmund Jackson, pastor.—Morning worship at 10:30, sermon by the pastor, Sunday school at 12 noon, baraca for young men, evening worship at 8 o'clock. A rousing song service with special music, and a short sermon by the pastor. The public is cordially invited to join in these services. Strangers in the city are especially welcome.

CITY NEWS

Driscoll Visitor.—E. C. Ruble of Driscoll was among the business visitors in the city Thursday.

Birth of Son.—Born to Mr. and Mrs. R. M. Nelson of Washburn, in the Bismarck hospital, Thursday, a son.

To Visit Mother.—Joseph Barth of this place has gone to Clintonville, Wis., where he will spend a week visiting his mother before leaving for Palo Alto, Cal., to enter the training camp.

Births at St. Alexis.—Births announced at St. Alexis hospital are a daughter to Mr. and Mrs. Ben Lichtenstein of Mott and a son to Mr. and Mrs. Emil Kaiser of this city.

St. Alexis Notes.—Recent patients to enter the St. Alexis hospital are Peter Hess,

A Hit, Boys, A Hit!

Here is a group of American officers, with escort, watching the Russian bear paw up the ground. Gen. Scott, military expert with the Root commission, is just taking his field glasses from his eyes after watching a Russian shell blow a crater in the enemy lines on the Galician front. The photo was taken by Sergt. P. T. Randolph, orderly to Gen. Scott, shortly before the Root commission started back.

Golden Valley; Walter Treager, City; Mrs. William Spedel, Eulach; C. E. Smith, Britton; Rose Sladick, Underwood; William McLean, Mandan; Eva Eckart, City; Baby Marie Nixon, Baldwin; Hazel Juber, Paradise; M. D. Hill, Traddick. Those to leave the hospital were: Hunt Owen, Steele; Mrs. Frank Wilner, Mandan; Margaret Vetter, Union; Mrs. William Woodruff, City; William Kanski, Wits

MEN-MOUNTAINS TO BATTER EACH OTHER FOR CHANGE TO TAKE A CRACK AT BIG JESS' CROWN

By PAUL PURMAN.
The question of whether Jess Willard will defend his title and against whom probably will be decided Labor Day, at Canton, O.

On that day Carl Morris and Fred Fulton, the biggest and perhaps the best of the heavyweights, Willard expected will mix in a 15-round decision match.

Whether the winner will have a chance at Willard is still a question, but Matt Hinkle, who is promoting the bout, believes Willard will consent to a match as soon as he can get in shape after his circus season.

Hinkle says he has been unable to get any definite statement out of Willard, but he has done more than any other promoter in getting Willard to commit himself.

"When I get ready to box, I will see you, Matt," Willard told Hinkle, and there is a suspicion that he went even further and promised to go on with a match, but if he did Hinkle is not talking about it.

American heavyweights today are not much to brag about. None of them come up to the measure set by the champions and near-champions of other days.

Imagine Tom Sharkey or Bob Fitzsimmons in the same ring with either Fulton or Morris. If you will, and guess how long it would last.

Nevertheless, Fulton and Morris are the cream of the runners-up for Willard's title today, and if anyone is to lift his crown from his head it must be one of them.

So in the game of creating new champions, Carl Morris, the Sapulpa fireman, and Fred Fulton, the Minnesota plasterer, will swap wallops for 15 rounds or less on Labor day.

Some 450 pounds of flesh will be propelled around a 24-foot ring with the hope that the winner will get a chance to meet another 250-pound bulk of bone and muscle for the alleged honor of holding the world's heavyweight championship.

There is not much to choose between the pair. Fulton has the advantage of height, towering some six feet seven inches into space.

Morris is perhaps the more rugged. Both are slow, unwieldy and awkward, and if 15 solid punches are struck in the 15 rounds it will be an eighth wonder.

Both men are attributed with wustness which real fighters should not have.

Morris is lazy and, so far as ring records show, there has never been a chronically lazy fighter who ever got much of anywhere.

Fulton is said to possess a well-developed streak of saffron. On two or more occasions he has either quit or deliberately fouled when the going was a trifle too strenuous.

But in spite of all this thousands will spend their good money to see these two buffoons in action.

There is no question about Hinkle's sincerity. Hinkle is perhaps the squarest man in the fight game today, and his idea in matching the pair is merely to obtain, by elimination, the man best fitted to meet Willard.

KIRKS KOLTS BATTED AROUND 277 AND FIELDED 924 IN 21 BATTLES

Unusually Good Showings Made in Season Averages Completed by Official Scorer Win S. Mitchell for the Tribune—Frankenheff Hit 315 for 21 Games—Shanley, Dahms and Collins Did Unusually Well With the Willow—Peacock Makes Good Fielding Record.

Kirk's Kolts, who closed the season undisputed champions of North Dakota, batted around 277 and fielded 924 in 21 games played on the home grounds, according to season batting and fielding averages just completed by Win S. Mitchell, official scorer for the Tribune. Frankenheff batted .315 and fielded .989 in 21 games; Shanley batted .315 and fielded .989 in 21 games; Dahms batted .315 and fielded .989 in 21 games; Collins batted .315 and fielded .989 in 21 games.

POOR DOWN-TRODDEN BALL PLAYERS GET ONLY \$72,000 IN 4 YEARS

Much has been written since the Federal league war about the high price of ball players, all of which suggests the little mint Johnny Evers has made of himself during the last three and a half years.

Way back in 1914 Johnny joined the Braves. He had no delusions about how much money he was worth, and was not at all backward in getting what he could. As a result, when his four-year contract was ended this fall he will have drawn \$72,312.38 in salaries, bonuses and world series splits from the Braves and Phillies. All of this with the exception of about \$5,000 has already been paid by the Boston club.

When Johnny joined the Braves he signed a contract that would have brought him to the eyes of Jaw D. It called for \$10,000 a season for 1914, '15, '16 and '17. In addition he was made a present of \$25,000 for attaching his name to the contract.

Furthermore there were bonuses. If the Braves finished first he was to receive \$2,000, if they finished second \$1,500, and third \$1,000.

In 1914 Johnny received his \$10,000 salary, his \$25,000 present and \$2,000 bonus. The Braves finished first that year. In addition his split on the world series money amounted to \$2,812.38. His grand total for the year being \$32,312.38.

In 1915 Johnny drew his salary and a \$1,500 bonus when the Braves finished second. In 1916 the Braves were third and Johnny's earnings were a paltry \$11,000. This year he drew about \$5,000 from the Braves before he was transferred to the Phillies, who will pay the rest.

The total, \$72,312.38, at a rate of \$18,078.10 per year of six months isn't so bad even for a poor, down-trodden ball player.

Paper Pull.
The best woods for the making of paper are poplar and basswood, which have little resin in them.

THREE AGENCIES USED

Uncle Sam Has Big Organization in Foreign Trade Work.

Collects Information Through Several Hundred Consuls, Commercial Attaches and Special Agents.

The foreign trade work of Uncle Sam's department of commerce is centered in the bureau of foreign and domestic commerce, which is organized to collect commercial information in foreign countries and to distribute it to American manufacturers and exporters. Its work partakes of the nature of a commercial reconnaissance. For collecting information, it now relies mainly upon three agencies—commercial attaches, special agent and the consul.

The ten commercial attaches were sent to their posts about two and a half years ago, when the war started, these posts being at London, Paris, Berlin, Petrograd, Buenos Aires, Rio de Janeiro, Santiago (Chile), Lima (Peru), Peking and Melbourne. These men are highly qualified business diplomats, who are expected to be capable not only of reporting the minor incidents of commercial importance, but of following up the bigger developments, and of detecting and understanding the undercurrents of the business and commercial life of the districts to which they are assigned.

The special agent is a specialist in some one line, and he is expected to be the right man to send to every corner of the earth to study the markets for his line of goods.

The consular service of the state department has long been one of the chief reliances of the bureau, and in this branch of the information-gathering service there are some 230 consuls. These consuls give part of their time to reporting on commercial conditions for the bureau, and in years past the publications of the bureau were based entirely upon the work of the consuls.

SPORTS CHATTER

Restore five-cent loaf, says a headline. What, bread or a raffleing match?

It seems mighty funny to hear the Dodgers referred to as the champions. Fred Fulton has gone into training for a bout with Carl Morris. Which reminds us that at one time Fred was considered a skillful plasterer and Carl a pretty good engine stoker.

Ladies to see wrestling, says a headline. In these days of social uplift ladies are apt to see most anything.

This is the time of year when baseball experts try to forget about their spring predictions.

Little Rock has sold Timeup. Little Rock is bone dry so they probably had no use for him.

Few Convicts Sent to America. Virginia was the only colony which ever received convicts, and very few were sent there, and most of those sent were political prisoners; the aristocratic element predominated. In 1770 parliament forbade the transportation of convicts to English colonies in America.

A Judgment on Carrots. A Pasadena farmer says the carrot has its uses, however much you may scorn it. Sure. The carrot is fully as useful as the "h" is in "rhetoric."—Houston Post.

Serving Notice. "Norah," said the mistress of the house, to the awkward maid, "you must never commit a faux pas like that again."

"Yes, ma'am. But there ain't no use of your givin' it a foreign name, ma'am. I simply tripped on a rug an' spilled the soup. I never was talked to that way before, ma'am, an' if you do it again, I'll quit."

Always Obliging. "Listen, Susan, I'm going to have a little affair at the house, here, which will include a supper and a dance. Now, you will have to show what you can do, so as to keep up the credit of the establishment."

"With pleasure, ma'am, but you'll have to excuse me from the wait and two-step because I can only dance the polka."

The Mark of Quality

The critical motoring world now acknowledges the supremacy of Racine Country Road Tires. Users delight in praising Racine Country Road service.

Dante Used Few Superlatives.

A contributor to the Italian review, Minerva, with time to spare, has made a hunt of substantives and adjectives in the works of Virgil, Dante and Leonardo. In the second book of the Aeneid, which contains the Fall of Troy, there are 1,617 nouns and 580 adjectives. In Dante's "Divina Comedia," out of the 6,215 adjectives which it contains, only 17 are in the superlative.

The Bank with the Clock
What Is A National Bank?

A National Bank, such as this institution, differs from other banks in that it is organized and conducted under the careful supervision of the United States Government.

National Bank Examiners under the direction of the Comptroller of the Currency keep in touch with the details of this bank's workings, and, moreover, strict rules and regulations to ensure absolute safety have been laid down by the Government and must be followed.

This is one feature of the unquestioned safety we offer you in inviting your account.

A Dollar In Time Saves Nine

Or More

A dollar invested now in Spoktite for tightening loose wheels will save you the expense of having them repaired when they collapse. A Spoktite dollar does the work of ten dollars spent for tightening wheels the old mechanical way. And in many cases Spoktite has saved the price of new wheels.

The SPOKTITE Way
Smith Wood IS NOT A GUM

Of Tightening Loose Wheels

It's so simple that any one can do it—so cheap that no one can afford not to do it. You simply squirt a few drops into the cracks caused by the shrinkage at the hubs and felloes. Spoktite goes right into the wood and swells it to its original condition of tightness—and keeps it there. Thousands of automobiles, carriage and wagon owners are using it successfully. In fact, not a single failure has yet been reported.

Quicker and Better Than Old Way

The old or mechanical way keeps your vehicle idle a half-day or more. Spoktite tightens 4 wheels in an hour—and without the trouble of taking them off or apart.

The old way does not prevent further shrinkage or swelling. The Spoktite way keeps them always in the same condition of tightness. Spoktite is not a glue, but a liquid compound put up in a handy syringe.

Invest in Wheel Insurance Today

Guard against dangerous accidents by "Spoktiteing" your wheels now. Go to the nearest dealer in auto supplies or hardware store and get a wheel wrench can of Spoktite—enough for 4 wheels. It costs only one dollar and saves many more. If your dealer does not carry it, write our factory and we will see that you are promptly supplied.

JAP WOMEN TAKE MEN'S JOBS

Wages Range From Ten to Twenty-Five Cents a Day—Actresses Best Paid.

Tokyo.—That Japanese women constantly are taking a larger part in the activities of the empire is shown by recent investigations. As in Europe, so in Japan, women are filling positions formerly exclusively held by men.

There are 4,000 women working under the railway bureau, most of them ticket sellers, cashiers and accountants, and 6,000 women find employment in the cigar and cigarette factories of the government tobacco monopoly. Their wages range from 10 to 25 cents a day. Male clerks in banks and mercantile houses constantly are being replaced by women, who receive \$5 to \$15 a month.

Actresses receive the highest wages paid to women in Japan, but their clothes are expensive, and so they are financially in no better position than the more humble workers.

Color Glass by Heat. A process has been perfected in France for applying colors to glass by heat, so that stained glass windows can be made without fastening many pieces of glass of different hues together.

CITATION AND NOTICE HEARING PROOF OF WILL.

State of North Dakota, County of Burleigh, ss.
In County Court, Before Hon H C Bradley, Judge

In the Matter of the Estate of Diadema Walton, Deceased.
Robert L. Walton, Petitioner.

Lizzie M. Titus, Mabel M. Perry and Clayton W. Perry, and Frank E. Titus, Respondents.

The State of North Dakota, To the Above Named Respondents and All Persons Interested in the Estate of Diadema Walton, Deceased.

You, and each of you, are hereby notified that Robert L. Walton, the Petitioner herein, has filed in this Court a document in writing, purporting to be the Last Will and Testament of Diadema Walton, late of the City of Bismarck, in the County of Burleigh and State of North Dakota, deceased, with his petition, praying for the admission to probate of said document as the last Will and Testament of said deceased, and for the issuance to Robert L. Walton of letters testamentary thereon, and that said petition and the proofs of said purported Will and Testament will be heard and duly considered by this Court on Monday, the 24th day of September, A. D. 1917, at 11 o'clock in the forenoon of that day, at the court rooms of this Court in the County of Burleigh, in the City of Bismarck, County of Burleigh and State of North Dakota.

You, and each of you, are hereby cited to be and appear before this Court at said time and place and answer said petition and show cause, if any there be, why the prayer of said petition should not be granted.

By the Court J. C. JOHNSON, Judge of the County Court of Moron County, N. D. acting as Judge of the County Court of Burleigh County in said state, at the written request of Hon H C Bradley, the County Judge of said Burleigh County, North Dakota. (Seal)

J. C. JOHNSON, (Seal)
Dated, 16th day of August, A. D. 1917.

Let the foregoing citation be served by publication.

SUMMONS.

State of North Dakota, County of Burleigh. In district court, Sixth judicial district.
C B Little and Minnie N. Neff, Plaintiffs

vs.
Burleigh Wood and Mr Wood, her husband; Blanche Parker and George Parker, her husband; Kittle Van Eiten, Merlen Van Eiten and Hughes Van Eiten, the heirs of Georgiana Van Eiten, deceased, and the unknown heirs of Georgiana Van Eiten, deceased, and all other persons unknown claiming any interest in or lien or incumbrance upon the property described in the complaint.

The State of North Dakota to the Above Named Defendants: You and each of you are hereby summoned and required to answer the complaint of the plaintiff in this action, the original of which is on file in the office of the Clerk of District Court, Burleigh county, North Dakota, and to serve a copy of your answer upon the subscriber at his office in the city of Bismarck, Burleigh county, North Dakota, within thirty days after the service of this summons upon you, exclusive of the day of such service, and in case of your failure to do so, judgment will be taken against you by default for the relief demanded in the complaint.

Dated this 10th day of July, 1917.
F E McCURDY, Attorney for the Plaintiff's Residence and postoffice address, Bismarck, North Dakota.

To the Above Named Defendants: You will please take notice that the above entitled action is brought for the purpose of quieting title to that land described as the west 100 feet of lots (5) and (6), block (8), Northern Pacific First Addition to the city of Bismarck, Burleigh county, North Dakota, and you are hereby further notified that no personal claim is claimed against the above named defendants or any of them.

F E McCURDY, Attorney for the Plaintiff's Residence and postoffice address, Bismarck, North Dakota. 7-13-17

Culinary. When a fellow comes home stewed, he need expect to be roasted by his wife.

Those Healthy, Dirty Hands! There is something very tragic, to one who knows children, about the cleanliness of a sick child's hands. Mothers ought to realize that, and be downright glad when their children are well enough to get dirty enough to require long sessions with stiff brushes and orange sticks and two different soapy waters before even thinking about rinsing.—New York Evening Sun.

NOTICE FOR BIDS.

Sealed proposals will be received at the office of the undersigned at Farmers & Merchants State Bank, Steele, N. D., up to 2 o'clock p. m., Aug. 25, 1917, for the erection of a building for electric light plant for the Steele Light & Power company, to be erected on right of way of Northern Pacific Railway company, facing Haupt and Vortex avenues in Steele, N. D.

All bids must be in accordance with plans and specifications prepared by H. A. Hamby, architect, Steele, N. D., and must be accompanied by a certified check for five per cent of the amount of the proposal, made payable to W. W. Paige, treasurer, as a guarantee that the bidder will enter into contract and furnish bond in the full amount of the contract.

Plans may be seen at Farmers & Merchants State Bank, Steele, N. D., at the office of Miller & Palmer, Tuttle, N. D., and the Builders Exchange, Jamestown, N. D.

Steele Light & Power company reserves the right to reject any or all bids.

STEEL LIGHT & POWER COMPANY.

Acting and Elocution.

Dr. Samuel Johnson was discussing log plays and players with Sarah Siddons and thus delivered himself: "Madam, David Garrick was no de-chalmer. There was not one of his own scene shifters who could not have spoken the 'To be or not to be' soliloquy better than he did. A true conception of character and natural expression of it were his distinguishing excellencies." An accurate illustration of the difference between acting and elocution.

Masterpieces of Correspondence.

France has in various periods given us such masterpieces of correspondence as those of La Rochefoucauld, Marguerite de Valois, Voltaire, Mme. de Maintenon, Mme. du Defand, Mme. de Sevigne, Mme. Roland, George Sand and Prosper Merimee, but Germany, rich as she is in literature, has given us but few men of distinction in this line. Schiller, Goethe and Humboldt alone contributing anything worthy of historical preservation.

MANY PROMINENT BISMARCK PEOPLE CALLED FOR DRAFT EXAMINATIONS NEXT WEEK

Business Men, Educators, Baseball Stars and Professional Men Included in Second List of 200 Names Mailed Out by Burleigh County Exemption Board Today—Sessions to Be Held Next Wednesday, Thursday and Friday—Expect Registrants to Fill Quota.

The Burleigh county board for a second class of 200 registrants to report for examination next Wednesday, Thursday and Friday includes many prominent Bismarck folk. Business men, baseball stars, educators and professional men are included in the list. Of the 200 men named, 105, or approximately 12 per cent of all the men who registered in this city, are Bismarck registrants. Of these 66 will report Wednesday and 77 on each of the two succeeding days. The county board, having profited from its experience with the first call, expects to make better speed with the second list.

The names in the order of their liability for service follow:

Overland

Model Eighty-Five Four

\$895

L. A. T. Sales
Subject to change without notice

Year after year for many years the thirty-five horsepower Overland has outsold, by a wide margin, all cars of such comfortable size.

The thirty-five horsepower motor is not only unusually powerful—it is unusually economical.

The wheelbase is 112 inches—unusually long—permitting unusual roominess.

Thirty five horsepower!—112 inch wheelbase!!—\$895!!!

Also unusual at the price—cantilever rear springs that ease the car over the rough spots—permit speed with comfort on poor roads.

No car of such comfortable size has ever approached its success, because none has ever combined such power, comfort and economy.

CROP RETURNS

You can deposit your crop returns in this bank in any one of three different ways:

A checking account offers an excellent means of safety and convenience.

A Certificate of Deposit pays 5 per cent interest for six months or a year and is safe, profitable and negotiable.

A Savings Account pays 4 per cent interest and you can draw out your money whenever you need it. Which of these plans will be best for you? Let's talk it over.
